Everlasting Youth

TRIPEPTIDES+ AGE-DEFYING
SERUM

30 ml - 1.0 fl.Oz.

Collagen boosting serum containing a high concentration of PALMITOYL TRIPEPTIDE-38, hyaluronic acid and anti-oxidants actively improve the skin's matrix to deliver smooth, plump and toned skin. Hydration is restored, lines are visibly reduced and skin is glowing.

Recommended in case of reduced elasticity, wrinkles, dehydrated and dry skin, uneven texture

Dermatologically tested

TO PREVENT SIGNS OF AGEING

Protect skin from UV radiation and humidity. Choose gentle cleansing products. Engage in ageappropriate physical activity on a daily basis. Manage stress (exercise, meditation, yoga, chat with good friends) and get at least 7-8 hours of sleep per night

HOW TO USE:

Cleanse face, neck and décolleté, then apply 3 to 4 drops of the serum, morning and evening, concentrating on areas that are particularly affected by signs of ageing. Pat or massage gently to help product absorb deeply. Avoid direct contact with your eyes.

Intensive use

For an ultra-intensive treatment, apply a layer of serum and leave on for 15 minutes or overnight. If necessary, remove product excess with a tissue, without rinsing.

Special treat

Use on its own as a make-up base. It can also be applied to the eye, lip contour area and hands as a mask.

CONTAINS:

Palmitoyl Tripeptide-38

high-tech amino acids naturally present in collagen, this super ingredient firms, smooths and fills in wrinkles, whilst boosting skin repair

2 molecular weight hyaluronic acids

the nourishing, smoothing properties of the high molecular weight hyaluronic acid combined with the toning properties of the low molecular weight results in moisturisation at multiple levels

Jojoba and sweet almond oil

with soothing and antioxidant properties

Natural Vitamin E

a blend of tocopherols known for their antioxidant properties, derived from sunflower oil that is rich in natural squalene

SELF-ASSESSMENT QUESTIONNAIRES*:

100% of volunteers claimed that after 30 days fine and deeper wrinkles look less pronounced

**Self-assessment questionnaire delivered to 8 women and men who applied Everlasting Youth.04 for 30 days*

EFFICACY TESTS**:

+17% increase of hydration after 30 days of treatment

- 36% reduction of wrinkle length after 30 days of treatment

-19% reduction of wrinkle width after 30 days of treatment

***Efficacy tests conducted using professional instrumentation on 8 women and men who applied Everlasting Youth.04 twice a day for 30 days*
